Index to

NLGI SPOKESMAN
Volume XLIX

April 1985 - March 1986

Issue number precedes issue date.

Index by Authors

Bailey, W.W., *Manufacture of Polyurea Greases*, 6, September 1985

Barreto, R., *Quality Control System for a Grease Plant*, 8, November 1985

Bessette, P., *The Ultrafilterability of Various Grease Types Through Three Micron Membrane Media*, 6, September 1985

Brutto, P.E. and Czerwinski, J.L., *An Economical Alternative for Grease Plant Air Pollution Control: Fume Scrubbing Followed by Wastewater Ultrafiltration*, 1, April 1985

Calistrat, M.M., *Oil Separation From Lubricating Greases by Centrifuging*, 8, November 1985

Chasan, David; Kristen, Ulrich and Haering, Ulrich, *Four Modifications for Oxygen Bomb Testing*, 5, August 1985

Cody, C.A. and Reichert, W., *Studies of Fundamental Organoclay Rheological Relationships*, 10, January 1986

Crawford, K.C. and Wright, R.R., *A Computer Assisted Approach to Hazard Communication: An Update*, 1, April 1985

Faville, W. and Heerdt, L., *Friction and Wear Testing Machines: Basic Lubrication Evaluation Tools*, 8, November 1985

Gesdorf, E.J., *Centralized Lubricating Systems Up-Date*, 2, May 1985

Glusing, H., *Sprayable Open Gear Greases*, 3, June 1985

Grasshoff, H.D. and Maak, H.J., *Improved European Techniques for Grease Testing*, 1, April 1985

Hissa, R. and Monteiro, J.C., *A Continuation of Studies in the Manufacture and Development of Sodium Based Greases Using Alternative Base Oils*, 2, May 1985

Keller, John, *ASTM D-3527 and D-4290 High Temperature Wheel Bearing Grease Performance Life and Leakage Test Methods*, 11, February 1986

Kieke, M.D., *Milling and Homogenizing of Lubricating Greases*, 12, March 1986

Ladov, Edwin, *Evaluating and Communicating the Carcinogenic Hazards of Petroleum Derived Lubricant Base Oils and Products*, 6, September 1985

Lansdown, A.R., *The Influence of Evaporation on Grease Life*, 4, July 1985

Index by Titles

ASTM D-3527 and D-4290 High Temperature Wheel Bearing Grease Performance Life and Leakage Test Methods, Keller, John, 11, February 1986

ASTM D-4289-83 Standard Method of Testing Compatibility of Lubricating Greases With Elastomers, Root, Jon C., 5, August 1985

Centralized Lubricating System Up-Date, Gesdorf, E.J., 2, May 1985

Contactor Process for Manufacture of Lithium Grease, McCormick, M.; Kay, K. and Fasone, S., 4, July 1985

A Continuation of Studies in the Manufacture and Development of Sodium Based Greases Using Alternative Base Oils, Hissa, R. and Monteiro, J.C., 2, May 1985

A Computer Assisted Approach to Hazard Communication: An Up-Date, Crawford, K.C. and Wright, R.R., 1, April 1985

An Economical Alternative for Grease Plant Air Pollution Control: Fume Scrubbing Followed by Wastewater Ultrafiltration, Brutto, P.E. and Czerwinski, J.L., 1, April 1985

Evaluating and Communicating the Carcinogenic Hazards of Petroleum Derived Lubricant Base Oils and Products, Ladov, Edwin, 6, September 1985

Four Modifications for Oxygen Bomb Testing, Chasan, David; Haering, Ulrich and Kristen, Ulrich, 5, August 1985

Friction and Wear Testing Machines: Basic Lubrication Evaluation Tools, Faville, W. and Heerdt, L., 8, November 1985

Gear Lubricant and Base Oil Effects on Tapered Roller Bearing Torque- Measured and Calculated, McClintock, R., 5, August 1985

Grease Lubrication in Elastohydrodynamic Contacts, Part II, Moriuchi, T., 8, November 1985

Historical Review of the Grease Industry in Mexico, Olloqui, A., 3, June 1985

Industrial Lubricant Market Trends and Their Use, Woerner, W.C., 7, October 1985

The Influence of Evaporation on Grease Life, Lansdown, A.R., 4, July 1985

Improved European Techniques for Grease Testing, Grasshoff, H.D. and Maak, H.J., 1, April 1985

Manufacture of Polyurea Grease, Bailey, W.W., 8, September 1985

Milling and Homogenizing of Lubricating Greases, Kieke, M.D., 12, March 1986

Oil Separation From Lubricating Greases by Centrifuging, Calistrat, M.M., 9, December 1985

Polyurea Complex Greases Ten Years Later, Vartanian, Paul F., 3, June 1985

Quality Control System for a Grease Plant, Barreto, R., 8, November 1985

Safety in the Grease Laboratory, Schlobohm, Roland, 10, January 1986

Sprayable Open Gear Greases, Glusing, H., 3, June 1985

Studies of Fundamental Rheological Relationships, Cody, C.A. and Reichert, W., 10, January 1986

The Ultrafilterability of Various Grease Types Through Three Micron Membrane Media, Bessette, Paul, 6, September 1985

What Every Grease Marketer Should Know About Grease Manufacturing- Lithium Complex Greases, Snider, W.E., 6, September 1985

Index by Subject

Application

Centralized Lubricating System Up-Date, Gesdorf, E.J., 2, May 1985

Computers

A Computer Assisted Approach to Hazard Communication: An Update, Crawford, K.C. and Wright, R.R., 1, April 1985

Environmental

An Economical Alternative for Grease Plant Air Pollution Control: Fume Scrubbing Followed by Wastewater Ultrafiltration, Brutto, P.E. and Czerwinski, J.L., 1, April 1985

Evaluating and Communicating the Carcinogenic Hazards of Petroleum Derived Lubricant Base Oils and Products, Ladov, Edwin, 6, September 1985

Safety in the Grease Laboratory, Schlobohm, Roland, 11, January 1986

Gear Lubricants

Sprayable Open Gear Lubricants, Glusing, H., 3, June 1985

Gear Lubricant and Base Oil Effects of Tapered Roller Bearing Torque-Measured and Calcaulated, McClintock, R., 5, August 1985

General

Historical Review of the Grease Industry in Mexico, Olloqui, A., 3, June 1985

Polyurea Complex Greases Ten Years Later, Vartanian, Paul F., 3, June 1985

Industrial Lubricant Market Trends and Their Use, Woerner, W.C., 7, October 1985

Manufacture

A Continuation of Studies in the Manufacture and Development of Sodium Based Greases Using Alternative Base Oils, Hissa, R. and Monteiro, J.C., 2, May 1985

Contactor Process for Manufacture of Lithium Grease, McCormick, M.; Kay, K. and Fasone, S., 4, July 1985

Quality Control System for a Grease Plant, Barreto, R., 8, November 1985

Milling and Homogenizing of Lubricating Greases, Kieke, M.D., 12, March 1986

Manufacture of Polyurea Greases, Bailey, W.W., 6, September 1985

What Every Grease Marketer Should Know About Grease Manufacturing- Lithium Complex Greases, Snider, W.E., 6, September 1985

Rheological Parties

The Influence of Evaporation on Grease life, Lansdown, A.R., 4, July 1985

Grease Lubrication in Elastohydrodynamic COntacts, Part II, Moriuchi, T., 8, November 1985

Studies of Fundamental Organoclay Rheological Relationships, Cody, C.A. and Reichert, W.W., 10, January 1986

Testing

Improved European Techniques for Grease Testing, Grasshoff, H.D. and Maak, H.J., 1, April 1985

ASTM D-4289-83 Standard Method of Testing Compatibility of Lubricating Greases With Elastomers, Root, Jon C., 5, August 1985

Four Modifications for Oxygen Bomb Testing, Chasan, David; Haering, Ulrich and Kristen, Ulrich, 5, August 1985

The Ultrafilterability of Various Grease Types Through Three Micron Membrane Media, Bessette, Paul, 6, September 1985

Friction and Wear Testing Machines: Basic Lubrication Evaluation Tools, Faville, W. and Heerdt, L., 8, November 1985

Oil Separation From Lubricating Greases by Centrifuging, Calistrat, M.M., 9, December 1985

ASTM D-3527 and D-4290 High Temperature Wheel Bearing Grease Performance Life and Leakage Test Methods, Keller, John, 11, February 1986
